

The Manor House

KNARESBOROUGH

FIVE STAR ACCOMMODATION AND CARE FOR
THE DISCERNING ELDERLY CLIENT

The Manor House

KNARESBOROUGH

Welcome from our Chairman

As owner and Chairman of the Hadrian Healthcare Group, I am extremely proud of the reputation we have gained for being the North's premier provider of elderly accommodation and care services.

I am passionate about our commitment to excellence and our aim is always to provide person-centred and compassionate care within a luxurious, carefully designed setting.

We focus on preserving the dignity of our elderly clients, as well as allowing residents to be as independent as possible.

We provide a tailored plan of assistance and care within a stimulating and homely environment, working together with residents and families to ensure that all our residents continue to get the best out of life.

The Manor House is situated in the heart of this charming and historic market town, close to the High Street and the beautiful River Nidd.

Local amenities are just a short walk away - including a library, chemist, selection of public houses, shops and supermarkets.

We look forward to seeing you at The Manor House in the near future. I promise you will be impressed.

Ian Watson
Chairman
Hadrian Healthcare Group

Manor House Living

“We are passionate about our commitment to excellence and care”

The Manor House Knaresborough provides the highest standard of person-centred care to every client, in five star luxury accommodation.

The Manor House is luxuriously appointed and homely, and has the necessary design features to ensure appropriate care can be delivered as and when required.

Features include:

- Large, spacious and furnished suites with private bathroom facilities
- Library
- Fully equipped bar
- Garden café
- Hair and beauty salon
- Shop
- Internet access
- Laundry service
- Dining room and bistros with varied daily menu choices
- Private, landscaped gardens with seating

Complete Care

“Our aim is to provide person-centred and complete care within a homely setting”

Residential Care

Our suites are designed for residents to enjoy their own private accommodation within small living groups. This allows residents to maintain independence whilst at the same time ensuring 24 hour care is available and at hand when needed.

Respite Care

Respite care is helpful for individuals who need a short break away from their home. Alternatively, they may be uncertain about moving into a care home permanently or require convalescence following hospital treatment.

We will always seek to accommodate these needs and be as flexible as people require in terms of length of stay and ensuring all of their needs and expectations are met during their stay.

Dementia Care (Chesters Suite)

Our Chesters accommodation has been specifically designed to provide luxurious surroundings that are homely, safe and stimulating.

We recognise the special needs of people with dementia and other memory impairments.

Our staff are specially trained to help manage the unique needs of residents with varying degrees of dementia and at all times we ensure our care delivery remains person-centred.

Paula Caliskan Home Manager

As an experienced manager of elderly care services, I am very proud of the five star accommodation and care that The Manor House offers.

Our accommodation standards and features are superior in so many ways but, most importantly, I believe we have built a team to deliver a very special and unique standard of person-centred care and support to any client who chooses to make The Manor House their new home.

I also know only too well how difficult and emotional the decisions are for everyone when considering a move to a new home.

That is why I am available to support clients and their families in this process, so please feel free to contact me at any time.
